- 1. Allow for live interactive web-based learning*
- 2. Removes maximum alternative make-up lessons.*

The Professional Driving School Association of Washington will be hosting 3 informational meetings on Monday. See PDSA's message below:

All Washington TSE Owners:

In response to the memo from DOL allowing Web Based Instructor Led training, we wanted to host 3 informational web meetings.

The intent of the meetings are to share what PDSA has researched along with processes, protocols and technologies we have in place for web based training (WBT) to take place.

These are not directives from anyone, rather, this is information from one business who just did a ton of legwork sharing information on processes, protocols and technology with our friends in the industry.

Setting up WBT is not difficult. We have an online delivery method and have documented standard operating procedures we are happy to share with you to save you time as we are all dealing with COVID19.

We are all in this together. Hope to see you on an informational call.

Calls being offered: Monday 10:30-11:15 am PST, Monday 12:30-1:15 pm PST, 2:00-2:45 pm

PST. Please allow five minutes to set up your zoom account and download Zoom software.
